# APPENDIX TO THE PREFACE
# GUIDELINES FOR PREPARING TENDER DOCUMENTS

## PART 1- APPLICATION PROCEDURES

### 1. General

1.1 Page 1 (The Heading of the Document), the Preface and its Appendices (if any) shall not be included in the Document to be issued to Applicants. The Document to be issued to Applicants shall start with the page titled "This Page, NAME, LOGO AND ADDRESS OF THE PROCURING ENTITY, NAME AND IDENTIFICATION OF TENDER", including all the other material on the page completed appropriately.

1.2 If in the course of preparing a Prequalification Document or evaluating the applications following the criteria in the Standard Prequalification Document, a Procuring Entity finds a provision it does not understand or Agree with, it shall contact PPRA for clarifications before it changes anything, otherwise it will be considered as violation of the procurement rules.

1.3 The Procuring Entity should confirm that the goods, works or services to be procured is in its Procurement Plan and budgeted for. It should also confirm the estimated cost of the contract, including the estimated time for executing the contract. The cost estimate helps the Procuring Entity determine the applicable procurement method to be used and the determination if the contract should be subject to prequalification. Prior to finalizing the Prequalification Document, it is advisable for the Procuring Entity to recheck these estimates.

1.4 The estimates must be prepared by an expert in the field of the subject contract i.e. by Engineers, IT Specialists, Procurement Specialists, and/or other experts depending on the items to be procured. The Estimates should be based on current market prices or on data collected by the Procuring Entity based on past (*but not historic*) contracts.

1.5 The purpose of the estimates is to enable the Procuring Entity determine amounts of money to be inserted in the Tender Document for: -

*a* The minimum amount of money required for the applicant to demonstrate that the applicant has access to, or has available, liquid assets, unencumbered real assets, lines of credit, and other financial means (independent of any contractual advance payment) sufficient to meet the contract execution cash flow requirements, net of the Tenderer's other commitments. *Usually the assets should be about 2-3 months cash flow requirements based on the estimated completion time.*

*b* The minimum amount of money required as an average annual turnover for the applicant to demonstrate that the applicant is a prime contractor, supplier, manufacturer or service provider. *Usually the minimum amount of money is about 2.50 times the estimated cost of the contract(s).*

*c* The amount of money required to determine specific experience of the applicant based on the minimum size of contract(s) substantially completed and that are similar to the proposed contract. *Normally the minimum amount of money required is about 80% of the estimated cost of the contract.*

1.6 During preparation of the prequalification document, the Procuring Entity should specify whether to allow the following:

a. International Tender
b. Reservations

## 2.1 Section I - Instructions to Applicants (ITA)
